answers to class activities
coding walk-throughs
lab time outside class
less activities
less news
more assignments
more assistance
more class time
more detailed instructions
more group activities
more lectures
more news
more R
more time discussing readings
smaller class
changes

Take Aways

- More R (coding walk-throughs)
- Drop by for assistance
- Shift from “client” mode to “consultant” mode

Assignment 2 Gotchas

- Solution available
- P2: Generate the disciplinary action graph: sum by students, sum by teachers and bind the two dfs together
- P3: Remove HUDK4050
- P3: Create a “count” variable and then spread that across the classes
